SOUTHERN DAILY MAIL LINE for Norfolk, Charleston, S. C., Petersburg, and Richmond.—The steamboats ALABAMA, KENTUCKY and JEWESS, all boats of speed and accoremonation, will commence running daily on the first April, between Baltimore Norfolk, and Portsmouth, leaving the lower end of Spear's wharf every afternoon at 3 o'clock, or immediately after the arrival of the cars from Philadeiphia, and will arrive mext morning at Portsmouth in time for the cars for Wilming. Son, and thence steamboats to Charleston. Returning will leave Portsmouth every day after the cars arrive from the South, and reach Baltimore next morning in time for the cars for Philadelphia.

These boats run in connection with the well known steam packets. Georgia and South Carolina which leave Norfolk every Saturday for Charleston, giving travellers a choice. They also run in connection with the James River boats to Peteraburg and Richmond. Strangers are informed (old travellers know) that this is the cheapest and most comfortable route for southern travellers, as there are no changes from a stages in the dead of night, as on the Washington route. The company therefore hope the travelling part of the community will patronise them, in giving equal facilities and superior comfort.

PRIVATE DISPENSARY—DR. Dr. ANGELIS, for merly a practitioner of medicine in the public hospitals at Naples, and member of the medical faculty of the city of New York, where he has been practicing physic since the year 1798, continues to be consulted at his office, No. 198 Fulion street, nearly opposite Church street. This establishment is intended for the public good, against the delusions of empiricism in an important branch of practice. In a certain disease and cheuma tic affections, Dr. De Angelis has been singularly successful; and the mest terrible effects of those disorders have frequently been cured by him in a short space of time, without incoarenience to the patient. Obstructions chronic affections, ulcers in the threat, eruptions of the skin, stiff, ess of the joints, and pains in the limbs, debility existing from concealed disease in the system syan impreper cure or neglect of the neast insidous maladies, together with a train of none crous evils, have gives way to his mode of treatment in an almost incredible manner. His success is in a great measure attributable to his well known regetable Syrup of Salza, and other appropriate neclicions, which, whilst they cradicate every term of disease, restore the emiciated patient to be alth and new vigor.

NO CURE NO FAY—SANDS' REMEDY FOR THE SALT RHEUM

FALL RIVER, Mass. May 8, 1896.

Messrs. A. B. & D. Sands — jhad been afflicted with the Salt Rheum in its severest form for several years, and at times it was so bad on my nand sand an different parts of my body, as almost to preven im tattending to business. I had made use of a great number of different preparations without obtaining but little if any benefit, and I became so much discouraged that I resolved to use no more unless I could procure one warranted to cure. Hearing of your valuable Remedy, I went to Providence and purchased one dozen of it, confident that if it cured me I could dispose of hundreds of boxes. I used it immedictely—perceived that it benefitted me—and after using it a few weeks, I was cured entirely, and my skin was as fair as if I never had had it. It is now about two years since! was cured, and since that time I have been entirely free from it. I have since sold hundreds of boxes to my friends and customers, and it has been used with almost universal success in every justance. One lady, who cailed on me for it, had the complaint so bad on her face, that I could hardly bear to look at her. She bought one box, and in less than one week, she was comparatively cured—she used only two boxes, which entirely cured her. In short, such has been its success in curing diseases of the skin, that I think I should do those injustice who are similarly afficted did I not let them know the peculiar benefit which I have received, and which I have known hundreds of others to receive from the use of your valuable remedy. Truly yours, &c.

TO ARCHITECTS BUILDERS, AND OTHERS—
The subscribers would respectfully inform builders and thees that they have constantly on hand, and are prepared to formish at short notice, architectural ornaments of very description, "for the interior finishing of dwellings, churches, and other public buildings," vize capitals for columns, and antæ do, to all the orders of architecture, consules, trusses, coriched mouldings, rosettes, priares, freeze ornaments, &c. &c. &c. &c. to any size. The long proved quality of composition ornaments, as executed by them, readers it useless to say much in its subgry; and, with the means they possess, and from long practice in the execution of models, moulds, and every department of business, flatter themselves that for buildness of relief, and general sharpness and beauty, their work will be frominuch superior to any thing of the kind done in any other place, they having avoided that tiny, flat and undefined appearance, so much and so justly complained of. Great attention having been paid to the modes of manufacture, to invure the best quality, at the lowest pussible price, they are have to say that their present scale of prices will be found became beyond the reach of shatement or competition.

Builders out of New York, in any parts of the United States would find a material saving, and likewise precure a superior criticle by calling or writing for any thing of the kind they may require, as we have on hand, and are enabled to fill ordors to my amount at very short notice.
